

ELEMENTS OF NATURE

COMPANY PROFILE

Our quality is here. We are a company that has big scale, high technology and a variety of products. We have been developing and offering an extensive variety of sanitaryware which has over 20 series of sanitary wares including art basin, cabinet basin, wall hung toilet, one-piece toilet, two piece toilet, pedestal basin, wall-hung basin, counter basin, urinal, italian closet, european closet, and etc

We are a premium brand of sanitaryware products. The company offers high quality sanitary ware products. The company's management system has gained iso9001 certification.

We believe that every construction is to be highly decorated with the tiles and sanitaryware. We are here to make a bathroom looking excellent because it's the place where people go for the relaxation after the end of the day.

PRODUCTION

We offer excellent working condition to our employees with manual and automatic mechanisms for producing world class products. We always keep the requirement of our customer in mind. With our research facilities we constantly improve our products and with latest design we offer premium quality of sanitary ware to our client.

WHY US ?

We have that level of manufacturing technologies that is able to create excellent quality sanitaryware products in the latest designs at extremely competitive price. We use highly technolised materials and process with the laboratory so that we can facilitate you with premium quality product because we believe in satisfying customers i.e. quality. This has ensured our position as market-leader and innovative creators of sanitary and bathroom wares.

VISION

The vision of our company is to build more good relations with different countries in the world by satisfying them with their requirements. We have already developed in India and now we are fully concentrating on developing worldwide.

We hope you share this passion and feel our dedication while having a look at our products.

43 KITCHEN SINKS

A rimless toilet is simply a toilet without a traditional rim. Instead of water flowing into the bowl all the way round the rim, a direct flush technique shoots water around the edge of a smooth pan. As there is no rim, rimless toilets are easy to clean and more hygienic than a traditional toilet.

HOW IT WORK

- * Large water surface offers easy cleaning
- * Extra large siphon jet for maximum power
- * Elegant skirted design offers easy cleaning
- * Large computer designed, fully glazed trap way reduces clogging

CHARACTERISTICS

All seats and covers are subjected to a weight test.

Soft Close Seats & Covers
Soft Closing and silent
Special technology

All WC pans are subjected to an airtight leakage test.

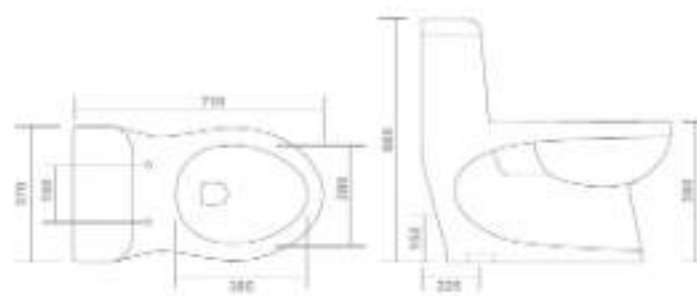

All seats and covers are subjected to an open/close test.

Anti-Bacterial Glazed

Saves water with only 1.5L of water consumption.
